## ABOUT US

PARS is an ISO 9001:2015 Certified premier engineering and consulting organization established in 2010 and since then creating values for our customers who are trying to make this world safer and sustainable.

We have a passionate and dedicated team of EHS Professionals who gained expertise and proficiency in providing advanced technical solutions over the decades now.

We support the development of science based, technical, innovative, and sustainable EHS, Fire & Facility (EHS+F2) Management Systems and Technical Solutions for our National and International Customers to manage their business compliances. Which helps our clients to support in most complex and volatile business challenges in every need of their business like setting new facilities, building strategies, new product developments, integrations, mergers and acquisitions, expansions, new projects, improving operational safety performance and sustainability needs across the entire lifecycle of the business.

We integrate processes, safety data, technology, and strategic change management to proactively manage EHS, Fire & Facility (EHS+F2) focus forward Priorities. We offer clients to Build Business Partnerships for Sustainability Strategy Goals, we call it BBP+S2. We work with every level of the organization to define, design, and deploy programs that achieve and sustain compliance, effectively manage EHS issues, and control operational costs and reduce risks. We improve the effectiveness of management systems and minimize disruption by working closely with clients to reduce unnecessary complexity and ease the transition on the front lines.

# CORE VALUES

## PURPOSE

Create values for those who are trying to make this world more safer & sustainable

## VISION

Become most admired Global Transformative EHS & Sustainability Leader

## MISSION

Empower people and organizations to build safer & sustainable workplaces by sharing our knowledge, skill, experience, and integrated services

## CORE VALUES

Core values are our bedrock in building the landscape of our evolutionary growth path i.e. PARS.

### P - PROFESSIONALISM

We do our business with high level of honesty, integrity, sincerity, transparency and high priority for customer satisfaction, service excellence, desired quality and on time execution.

### A - ACCOUNTABILITY

We take ownership for the responsibilities and resources assigned and hold accountable for our commitments, actions and results.

### R - RELATIONSHIPS

We deal everyone with trust and respect and connect our expertise from around the world to anticipate and solve most persistent challenges where we live.

### S - SUSTAINABILITY

We create innovative solutions to make positive impact on the planet, enrich the communities and build legacies for coming Generations.

CORE VALUES

# OUR PROPOSITION

# PARS<sup>®</sup>

Making You More Safe!

## OUR PEOPLE

Our people understand your business needs with a clear focus on the key success parameters for your business

## OUR TECHNOLOGIES

Our technologies and innovation are being continually upgraded with the focus to deliver maximum business value

## OUR PROCESSES

Our processes are best-in-class following stringent compliance that deliver cutting-edge results consistently

OUR PROPOSITION

# OUR SERVICES

Our core services are designed to meet the broad range of our clients' changing needs. The strong communities surrounding these practices ensures consultants can transcend geographical boundaries, develop innovative solutions in addressing our clients' challenges and work more closely with their sector-focused colleagues across the globe.

At PARS, as well as offering specific services to address a particular client's issue, we are conscious of the need to look at and address the wider strategic ambitions in an organization.

# EHS ENGINEERING AND CONSULTANCY

Making You More Safe!

## WE COMPLY REGULATIONS FOR THOSE WHO ARE TRYING TO MAKE THIS WORLD MORE SAFER & SUSTAINABLE

We are a global emerging organization supporting businesses worldwide to build Safe & Sustainable EHS Culture in all Business Sectors. We believe in our strengths, expertise and ability to recognize our customer needs and work towards fulfilling or solving their requirements and most complex challenges.

We are providing Best in Class Advanced, Innovative & Effective EHS Engineering & Consultancy Services to support our clients for building robust systems and programs systems to fulfill Local, Regional, National, International Legal Requirements, Compliances and Eliminate Risks to Business Operations.

We do below compliances for you;

### A) ENVIRONMENTAL ENGINEERING

#### 1. Environmental Compliances

- MPCB/CPCB Consent Renewals
- Consent Condition Compliances
- Annual Returns Environmental Statement
- EPR – Extended Producers Responsibility
- WPC – Wireless Planning & Coordination
- DGFT (Directorate General of Foreign Trade)
- MOEF (Ministry of Environment and Forests)
- CPCB (Central Pollution Control Board)
- DIPP (Department of Industrial Policy and Promotion)
- Legal Metrology Licenses, Model Approval, Package Commodity Registration (PCR), Import License, Dealership License, Stamping & Products License
- Restricted items, Import permissions (Rubber/Plastic/Lead/Scrap/Refurbished Equipment)
- Temporary permissions from DOT (Department of Telecommunication)

EHS ENGINEERING AND CONSULTANCY

# ENVIRONMENTAL ENGINEERING

ENVIRONMENTAL ENGINEERING

**PARS**<sup>®</sup>  
Making You More Safe!

## 2. ENVIRONMENTAL CLEARANCES

- Environmental Audits,
- Water Balance Audit
- Environmental Due Diligences
- Environmental Impact Assessments (EIA)
- Hazard Operability Study
- Environmental Aspect & Impact Study

## 3. ENVIRONMENTAL MONITORING'S (MOEF)

- Air Monitoring, Soil Testing, Water Analysis, Noise Survey, VOC Monitoring, Stack Emission Monitoring Hazardous Waste Analysis, Waste Oil Analysis
- Ventilation & Illumination Monitorings Asbestos Survey

## 4. WATER TREATMENT PLANTS (WTPS)

Design, Supply & Installations of;

- Sewage Treatment Plant (**STP**)
- Effluent Treatment Plant (**ETP**)
- Water Treatment Plants (**WTP**)
- RO, Softening, EDI Plants
- Rainwater Harvesting Systems (**RWHs**)
- Annual Maintenance Contracts (**AMC's**)
- Operation & Maintenance Contracts (**O&Ms**)
- Labour Supply of WTP Operators

## 5. AIR POLLUTION CONTROL SYSTEMS

Design, Supply & Installation & Maintenance of;  
Fume Extraction Systems

- Air Scrubber Systems
- Thermal Oxidizer for VOC's & HAPs
- Catalytic Oxidizer
- Electrostatic Precipitator
- Desulfurization System for Sox & NOX Removal (DENOX / DESOX)

# ENVIRONMENTAL ENGINEERING

## 6. HAZARDOUS WASTE COMPLIANCES

- Hazardous Waste, Battery Waste, E-Waste Management & Compliances
- Producer Responsibility Organization (PRO) Services
- Extended Producer Responsibility (EPR) Authorizations from CPCB/MPCB
- Services with regulatory take-back schemes for e waste
- Solutions to bulk producers of electric and electronic equipment to meet their EPR targets

## **B] HEALTH & SAFETY CONSULTANCY**

### 1. Occupational Health Compliances

- Ergonomic Safety Assessments
- Behaviour Based Safety Assessments
- Psychological Safety Assessments
- Health Hygiene, Wellness Assessments
- Pandemic Safety Audit /Assessment

### 2. SAFETY COMPLIANCES

- Factory Plans, Stability Certificate
- Factory License Compliances
- PMRDA, PMC, MIDC Approvals, NA Demarcation, 7/12 Extracts, Plinth Checking, Fire NOC, Occupancy Certificate
- Inspection, Certification of Factory Lifting Equipments like Lifting Tools & Tackles, Cranes, Air Compressor, Air Pipelines, Press Machines & Storage Racks
- Job Safety Analysis (JSA)
- Hazard Identification & Risk Assessment
- On Site / Off Site Emergency Plan & Evacuation Layout
- Accident Investigation & Root Cause Analysis

### 3. INDUSTRIAL SAFETY ENGINEERING

- Machine Guarding Solutions
- Electrical Safety LOTO Implementation
- Chemical Safety Management
- Material Handling Equipments
- MHE's / PIV's Safety Measures
- Material Storage Rack Guarding's
- Emergency Preparedness Plans

# HEALTH AND SAFETY

# PARS®

Making You More Safe!

## 4. INDUSTRIAL SAFETY AUDITS

- Safety Audit Under Factory Act (IS 14489)
- Electrical Safety Audit
- Fire Safety Audit
- Machine Guarding Audit
- Chemical Safety Audit
- Material Handling, PIV's Safety
- Material Storage Rack Audit
- Ergonomic Safety Audit
- Behaviour Based Safety Audit
- Industrial Health & Hygiene Audit
- Pandemic Safety Audit
- Compliance Assurance Audit
- Merger & Acquisitions (M&A) Audits
- Safety Due Diligence Audits

## 5. RENEWAL INDUSTRIAL STORAGE PERMITS

- Explosive License of Petroleum Products
- LPG / Diesel Storage License from PESO
- Permit For Hazardous Chemicals Storage
- Permit For Gas Cylinder Storage & Use
- Hazardous waste storage & recycling
- Consent for waste oil recovery plant
- Consent For E-waste & Battery Recycle

HEALTH AND SAFETY

# FIRE SAFETY ENGINEERING AND CONSULTANCY

## PROTECT THOSE FROM FIRE WHO ARE TRYING TO MAKE THIS WORLD MORE SAFER & SUSTAINABLE?

PARS is one of the transforming Industrial Safety Consultant in India, having a rich experience when it comes to Fire Detection, Protection and Extinguishing Systems. We design, install, operate, and maintain all types of fire protection systems for Industrial, Institutional, Residential & Commercial establishments such as Malls, Auditoriums, Hospitals, Schools, IT Parks etc. We are offering the highest quality and advanced Fire Hydrant, Sprinkler, FM 200 Suppression, CO2 Flooding, Detection & Alarm, Fire Extinguishers that make a difference and that meet fire risk and protect lives and property.

Our expert team of fire engineers and professionals undertake Annual Operation & Maintenance Contract (AMC) for all types of Fire Fighting Systems with professional dedicated service values and innovative solutions.

We dealt with Top MNC's Architectures, Suppliers, Dealers, OEM's, Consultant's, and offering following Honeywell & Securitas Fire System, Equipment & Services.

### 1. FIRE SAFETY CONSULTANCY SERVICES

- Fire Safety Audit
- Fire Load Calculations
- Fire Water Calculations
- Issue of Form A & Form B
- Fire Risk Assessment Study
- Obtain Fire NOC Local Fire Dept.
- Fire Safety Training & Mock Drills

### 2. SUPPLY & INSTALLATION OF FIRE SYSTEMS

Design of Fire Protection System As Per NBC, IS, NFPA, FM Global Std.

FIRE SAFETY ENGINEERING  
AND CONSULTANCY

# FIRE SAFETY ENGINEERING AND CONSULTANCY

- Portable Fire Extinguishers
- Public Address System
- CO2 Flooding System
- Gas Detection System
- Clean Agent Systems
- Fire Hydrant & Sprinkler Systems
- Fire System Control Panel Supply
- LPG/HSD Tank Fire Spray System
- Fire Detection, Alarm & VESDA Systems
- Fire Water Pumps, Diesel Engine Pump
- Electrical Panel Fire Suppression System
- Emulsifier Systems for Transformers

### 3. OPERATION & MAINTENANCE CONTRACTS

- Refilling & Testing of Fire Extinguishers
- Breakdown Repair & Maintenances
- Rectification, Modification OR Expansion of Existing Fire System
- Supply Of Manpower – Fire Operators
- Supply of Fire System Spare Parts
- Operation & Maintenance of Fire Systems (O&Ms)  
Annual Maintenance Contracts (AMC's)

FIRE SAFETY ENGINEERING  
AND CONSULTANCY

# INDUSTRIAL SAFETY TRAINING AND RESEARCH

INDUSTRIAL SAFETY  
TRAINING AND RESEARCH

## TRAIN THOSE WHO ARE TRYING TO MAKE THIS WORLD MORE SAFER & SUSTAINABLE?

In today's life, safety leadership qualities plays a decisive role in achieving organizational objectives in terms of safety, quality, finance, operations, compliance, and governance.

We believe training not only results in personal & professional development but also benefiting the organization to create opportunities for cross-pollination of ideas to foster creativity and aids for long term sustainability.

We are providing advanced innovative training solutions for all the business organizations with a combination of lectures, presentations, tutorials, computer-based training, discussions, simulations, and hands-on workshops.

We are in the process of re-establishing our training institute and affiliate for safety training courses of **NEBOSH, IOSH, IEMA, AHA & MSBTE**. Keep in touch for Good News Soon!

We offer below safety training programmes

### 1. ENVIRONMENTAL TRAININGS

- Environmental Management System (**EMS**)
- Environmental Aspect – Impact Analysis
- Environmental Social Governance (**ESG**)
- Carbon Emission Control Techniques
- Green Building / Factory Management
- Energy Management System (**EnMS**)
- Zero Waste to Landfill (**ZWTL**)
- Zero Liquid Discharge (**ZLD**)

### 2. HEALTH & SAFETY TRAININGS

- Industrial Safety / EHS Management
- EHS Legal Compliance Management
- Occupational Health & Safety (**OH&S**)
- Industrial Health, Hygiene & Wellness

# INDUSTRIAL SAFETY TRAINING AND RESEARCH

# INDUSTRIAL SAFETY TRAINING AND RESEARCH

- Fire Prevention & Life Safety Techniques
- First Aid, CPR & Basic Life Support
- Chemical Safety Management - **MSDS**
- Warehouse Safety Management
- Material Handling, Lifting & Rigging Safety
- Emergency Preparedness Trainings
- Accident Prevention Techniques
- Lean EHS - 5S, TPM, Kaizen, Six Sigma
- Ergonomic, Behavior Based Safety (**BBS**)
- Electrical Safety / Lock Out Tag Out
- Machine Guarding Techniques
- Hazard Identification & Risk Analysis
- Welding, Cutting & Hot Work Safety
- Construction Safety, Scaffold Safety

### 3. ISO TRAININGS

- Awareness Trainings of ISO EMS 14001, OH&S 45001, Energy Management System i.e. EnMS 50001, Food Safety Management i.e. ISO 22000 / FSSC22000
- ISO Internal Auditor Trainings
- EHS Recruitment & Staffing
- Support client's interview EHS Professionals
- Place the right candidates at right position
- Provide Long/Short Time Safety Officers
- Provide Outsourced EHS Resources

Industrial Safety Training & Research Organization

# FACILITY MANAGEMENT AND MAINTENANCE SERVICES

## MAINTAIN SMART FACILITY FOR THOSE WHO ARE TRYING TO MAKE THIS WORLD MORE SAFER & SUSTAINABLE?

PARS Facility Management & Maintenance Division provides One Stop Solution for 'Total Facility Management & Maintenance' for all business sectors not limited to Commercial & Industrial Organizations Like Media, Telecom, Banking, Finance, Software, Information Technology (IT), Construction, Entertainment, Telecoms, Retail, Mining Engineering, Auto Ancillary, Engineering, Service Organizations, Manufacturing Plants, Pharmaceuticals, Chemical, Insurance and Hospitality, Hotels, Constructions, Event Management etc.

The following manpower services we offered;

### 1. FACILITY MANAGEMENT SERVICES

- Single Window One Stop Solution for Facility / Real Estate Management
- Smart Security & Housekeeping Services
- Installation, Operation & Maintenance of Water Treatment Plants (WTP/STP), Fire Systems, Solar System, AC's, Waste Decomposers, Gym Equipment, Street Lights, Boom Barrier, Sliding Gates etc.
- Manage Water Distribution Systems
- Civil, Mechanical, Electrical Repair & Maintenances of Building, Party Hall, Swimming Pool, Playing Area etc.
- Provide Management Systems for Guest, Vehicle, Visitor, Soc. Associates etc.
- Interior, Exterior Painting & Lime Washing of Buildings

### 2. INDUSTRIAL MAINTENANCE SERVICES

- Annual Statutory Testing & Oil Filtration of Transformers, Stabilizers etc.
- Earthing & Lightning Pit Inspection and Resistance Monitoring

FACILITY MANAGEMENT  
AND MAINTENANCE SERVICES

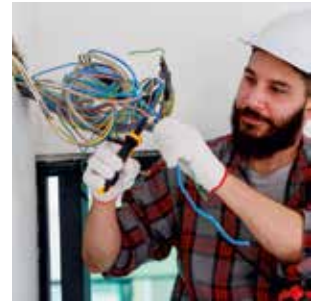

# FACILITY MANAGEMENT AND MAINTENANCE SERVICES

- HT-LT Panel Testing, Inspections
- Electrical Repairs & Maintenance
- Electrical Risk Assessments,
- Thermography Testing & Harmonics Assessment Study & Corrective Solutions
- Lifting & Pneumatic Equipment Testing Under Factories Act
- Annual Maintenance Contracts (AMC) of AC, HVAC & VRF System
- Supply, Repair & Maintenance of Inverter, UPS Systems
- Repair & Maintenance of Solar System
- Forklift, Stack, Crane & Lift Maintenance

### 3. INDUSTRIAL ENGINEERING SERVICES

- Installation of Pneumatic Pipelines & All Type of Fabrication Work
- Supply & Installation of Industrial Fixtures
- Installation of Water, Air & Gas Pipelines & All Type of Fabrication Work
- Installation & Shifting of Heavy Machineries & Assembly Lines

FACILITY MANAGEMENT  
AND MAINTENANCE SERVICES

# CORPORATE SOCIAL RESPONSIBLE

## AADHAR EDUCATION SOCIETY FOR POOR CHILDRENS

### SUPPORT FOR THE EDUCATION OF THOSE WHO ARE TRYING TO MAKE THIS WORLD MORE SAFER & SUSTAINABLE?

**Aadhar Education Society** registered under the Societies Registration Act 1860, under Rule 6, Schedule II, Sec. 18 of the Bombay Public Trust Act, 1950, and Sec 80(G) under the Income Tax Act. Charitable Trust Act. Now independently worked as a Non-Governmental Organization(NGO) from Pune.

Anything can wait, but the educational needs of the child didn't, because his tomorrow depends upon his today. We strongly believe that educational development is the basic need of society, and the consequent schemes revolve around it. We registered and run our own NGO, Aadhar Education Society for poor children, and tried to support educational needs of the rural deprived needy students until they complete their graduations and make them self- independent to stand on their own feet with dignity and respect.

Aadhar Education Society works on social & psychological problems of the community we belong to and tries to solve them through educational developments.

AADHAR EDUCATION SOCIETY FOR POOR CHILDRENS

# CORPORATE SOCIAL RESPONSIBLE

## AADHAR EDUCATION SOCIETY FOR POOR CHILDRENS

### MISSION

Supporting 50+ needy students every year till graduation and make them self- independent

### OUR VISION

Educate Every Child

### OBJECTIVE

Develop Educational Development Programmes to Support Rural Needy Students

### OUR TARGET GROUP

We are supporting needy students belongs in following categories:

- Children Who Lost Father / One Parent
- Children from Poverty-stricken Families
- Children of Commercial Sex Workers
- Children with HIV/AIDS/Cancer
- Children of Suicide Farmers

AADHAR EDUCATION SOCIETY FOR POOR CHILDRENS

# CORPORATE SOCIAL RESPONSIBLE

AADHAR EDUCATION SOCIETY FOR POOR CHILDRENS

## 1. NAVI PAHAT (नवी पहाट)

- Distribution Of Educational Kits:  
Distribute educational kits included with books, notebooks, stationary, pens, bags, water bottles in rural areas every year.
- RISE - Educational Scholarship Programme:  
Distribute Educational Scholarships to needy children every year based on some merit criteria.

## 2. STEAM EDUCATION PROGRAM:

- Empower Girl Students for Science, Technology, Engineering, Arts & Mathematics

## 3. SMART SCHOOL :

- Transform rural primary schools into Smart & Happy School by improving them basic infrastructure, clean drinking water provision, washrooms, digital education tools, equipment's, computer center, library, sport ground, science lab,

## 4. AADHAR GURUKUL

- We planned to build own well equipped Cultural & Activity Based Residential Gurukul for Needy Children from rural area

## WHY CHOOSE US

- We are Passionate towards Smarter Earth
- Decades of experience on many engineering projects
- Highest priority to accuracy
- Modern Technologies
- Cost effective
- Your success is Our success
- We care and create values!
- We grown businesses
